Synopsis book

Thrilling reads. Holly Newton, Meridian Magazine

Four mythical Elementals Water, Land, Air, and Fire have the power to save two worlds, Earth and Farworld, from a common enemy: the Dark Circle. In book one, Water Keep, a portal has been opened between the two worlds, allowing Marcus, from Earth, and Kyja, from Farworld, to combine their unique gifts and begin their epic quest to find the Elementals. In book two, Land Keep, Marcus and Kyja travel with Cascade, a Water Elemental, toward Land Keep, the home of the powerful and wise Land Elementals. However, their journey may end before it even begins. Land Keep is empty, deserted for at least a thousand years, and the rumor is that the creatures who once controlled all land magic are extinct. Marcus and Kyja's only hope seems to lie in finding the Augur Well, a legendary Oracle protected by subtle traps and mind-bending trials. To succeed in their quest, Marcus and Kyja must also avoid the Keepers of the Balance, an order
