Synopsis book

Almost a billion people have simply vanished in the last six months. Deacons mother sends him to stay with his eccentric uncle Evon in an effort to keep him safe. Upon his arrival, he learns that his uncle is more than a little on the strange side, he was once a legendary hero. At first Deacon is reluctant to believe his uncles stories, but after meeting his brownie butler, dwarf wife, not to mention the dragon head mounted as a trophy in the foyer, Deacon is starting to come around. After drinking too much Meadale the night before, Deacon accidentally falls through a Faerie Mound in his uncles backyard, where he ends up trapped in Avalon, a doomed world where all our myths and legends are real, and the only way back home is the badly wounded (and pissed off) faerie that brought him there. Deacons quest to get help for the injured faerie lands him in the village of Fen Glennan, where his uncle is a hero and he is an untrusted outsider from the horrific world of Abaddon (Earth).

SYNOPSIS

Almost a billion people have simply vanished in the last six months. Deacon's mother sends him to stay with his eccentric uncle Evon in an effort to keep him safe. Upon his arrival, he learns that his uncle is more than a little on the strange side, he was once a legendary hero. At first Deacon is reluctant to believe his uncle's stories, but after meeting his brownie butler, dwarf wife, not to mention the dragon head mounted as a trophy in the foyer, Deacon is starting to come around. After drinking too much 'Meadale' the night before, Deacon accidentally falls through a Faerie Mound in his uncle's backyard, where he ends up trapped in Avalon, a doomed world where all our myths and legends are real, and the only way back home is the badly wounded (and pissed off) faerie that brought him there. Deacon's quest to get help for the injured faerie lands him in the village of Fen Glennan, where his uncle is a hero and he is an untrusted outsider from the horrific world of Abaddon (Earth).
