All Opal wanted was to be respected as a wielder of magic, but her teachers passed her over time and time again. When a mysterious warlord embarks on a conquest to destroy the lands of Illyia Opal seizes an opportunity to step out from the shadows of her instructors and take her rightful spot among them. Tala, an alluring young elf, was banished from her tribe, hunted and nearly killed by the beasts that dwell in the deep forests, but more than anything else she is a survivor. Joining forces with an ancient elemental power Tala finds herself in the center of an unrelenting human war. She never wanted any of this. Flesh like leather and bone as strong as steel Karn, a veteran from the first kingdom to fall, is fueled by vengeance. While pushing ever headlong into battle Karn begins to recall memories of another life; ghosts that haunt his dreams. Through death of soul, their world is born.
