## **Synopsis book**

Dragon Champion, the first book in E.E. Knight's all-ages fantasy series chronicling the adventures of a fledgling dragon, is a dramatic departure for the author of the bestselling Vampire Earth saga (Valentine's Rising, Tale of the Thunderbolt, et al.) -- an adrenaline-fueled postapocalyptic blend of military science fiction and Lovecraftian horror that chronicles the ongoing war between soul-sucking alien invaders and the last few remaining pockets of human resistance. Knight's fantasy debut concerns a rare, scaleless gray dragon named Auron. Born high in a mountain cave, he witnesses the slaughter of his parents at the hands of a band of dwarves and eventually matures into the last hope for the survival of his kind. Once above ground, Auron learns quickly just how dangerous it is to be a dragon. With dwarves, elves, and humans relentlessly hunting him, Auron finds friendship in the most unlikely of places -- but the young dragon's quest to find others of his kind may not lead him
