Synopsis book

War is at the doorstep! Two sisters, Kathleen and Ellen, along with their maid, Sara, come of age just as their home state, Tennessee, secedes from the Union. Their peaceful home in Maury County is ripped apart by the horrors of slavery, the question of state's rights, economic strife, and religious dissension. The young women cope with the heights and depths of new love, marriage, parenthood and work, all the while living on a battlefield. They encounter soldiers from both armies, spies, and marauders. Ellen's suffering makes her thirst for God, while Kathleen seeks escape. Sara both longs for and fears the army that is marching to liberate her people. Will the three Tennessee women find peace? Will their faith be overwhelmed by their suffering, or will they sink their roots deeply into God and his word? Will their love for each other and for the men in their lives survive the conflict? *A Tree Firmly Planted* explores these questions. Though it is historical fiction, it is interwoven
