Synopsis book

The Archimedes device. Throughout history, the protectors of its secrets have sacrificed their fortunes, their happiness, and even their lives. And when the device comes unexpectedly into the life of Rebecca Sanders, its effect is no less profound. Rebeccas journey begins with the unsettling disappearance of her mother, a respected Princeton professor. The only hints to her whereabouts are a series of clues left by an unknown scribe more than 500 years ago. To track down her mother, Rebecca has no choice but to rely on the help of Mark Whitmore, a professional treasure hunter with obscure motives. Joined by her mothers quirky assistant, they soon discover why Rebeccas mother has disappeared: shes searching for an ancient document penned by Archimedes himself, a blueprint for a mysterious device that could rewrite history. The search for Archimedes blueprint soon takes a dangerous turn. As Rebecca and her unlikely partners work to decipher the ancient clues, they must stay one
