Synopsis book

In the classic of modern fantasy, we hear the tale, ancient and brazen, of White Jenna, born in sorrow, raised among warrior women, and taught to call forth her shadow sister by the light of the moon. And we learn what the later world makes of the lives of Jenna, of her princely lover, and her shadow-self: what legends are told of the White Queen, what songs are sung of King Longbow, what tales are whispered of Dark Skada. Of the tragic myths and glorious histories that time will make of their lives--and their deaths.
