Synopsis book

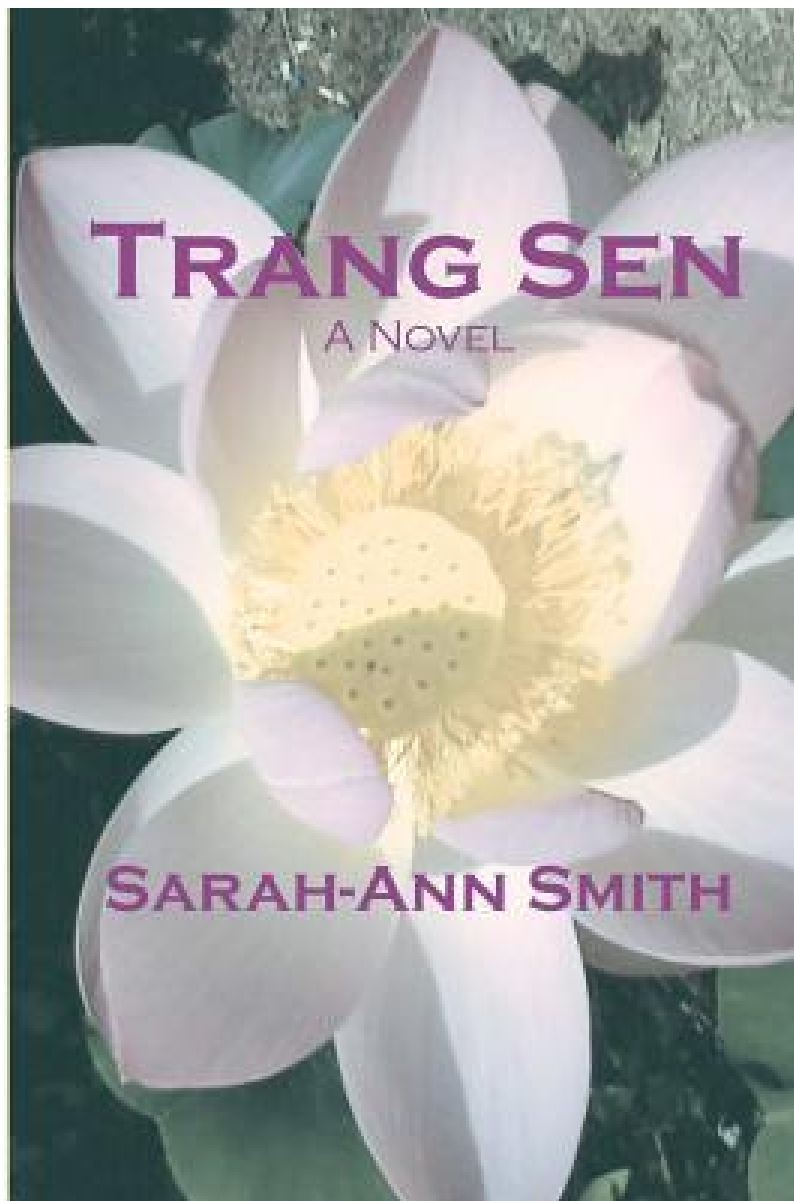

Set in the Vietnam War era, Sarah Ann Smith's novel "Trang Sen" touches numerous genres-historical novel, coming of age, love story, political analysis-but at heart it is simply a riveting story of fascinating people caught up in the turmoil of their time and place, and told in the spare style of a true master of the language. Trang Sen is "White Lotus," a young Vietnamese girl caught up in the chaos and heartbreak of civil war, international conflict, and the disintegration of her family. At last, in a new life far from her homeland, she finds deep within herself the brave woman she has always longed to be.
