Synopsis book

The sun is setting over the realms of Un'Etheia. The lands have forsaken the memory of their liege and drift toward an age of horrific enslavement. Prophetic utterances are reaching fulfillment, while rumors of war multiply in the north and whispers of the Black Horde arise from the south. The mysterious race of the First-Born gather to reclaim their ancient homeland, even as the ruling houses succumb to greed and power lust. Over it all an ancient and dark force rises to crush the only adversary who would yet make a stand against the swelling tide of its evil designs - a once proud and honored knighthood, now fractured and held in little esteem, their allegiance to the true High King waning from within. Thrust into seemingly random circumstances and prevailed upon by harbingers of myth and legend, one man is driven to desperate measures to save his family and in so doing learns the true peril facing the lands. Hounded across mountain and realm by unspeakable evil and fettered by a burden
