Synopsis book

In the year 2016, the final discovery and reproduction of Cold Fusion, lead the world into its third world war - the War of Ruin. What was left of mankind was forced underground only to emerge to the surface a millennium later, to rebuild and reclaim the planet. During that time, a new government rose to power - the Council of Aurora. Along with the guidance of Lady Miriam, humans finally reclaimed the surface, reaching every corner of the globe. Mankind finally returned to the glory they had prior to the War of Ruin. This was an age woven into history that had become 'Evolution'. Alex Landari, a researcher for the Council of Aurora, is plagued by dreams - dreams he cannot possibly understand. All of that changes on fateful day, when he is brought in a rare DNA sample that cannot possibly exist. His research into it thrusts him into a deadly game of cloak and dagger that will change the world once again. For Alex, nothing is as it seems. After being thrown into the middle, in order for
